Disconnect the USB cable. - Disconnect the USB cable. Try using a memory card reader or decrease the number of photos and movies on the memory card to fewer than 2,500 (Windows), or 1,000 (Mac OS) and then restore the connection. - b Copy the photos and movies to a memory card and try using a card reader.

Principles of Microeconomics

For Principles of Microeconomics courses at two- and four-year colleges and universities A practice-oriented learning system that breaks the traditional textbook mold To help students focus on the most important concepts-and effectively practice application of those concepts-Foundations of Microeconomics is structured around a Checklist/Checkpoint system. The result is a patient, confidence-building program that prepares students to use economics in their everyday lives, regardless of what their future career will be. This program provides a better teaching and learning experience-for you and your students. It will help you to: * Personalize learning with MyEconLab: This online homework, tutorial, and assessment program engages students in learning and provides instructors tools to keep students on track. * Encourage students to learn by doing: A Checklist/Checkpoint system provides a practice-oriented framework that enables active learning. * Command student attention and foster interest in the course: Engaging features draw students into the material, and keep them focused throughout the course. * Provide engaging, fully updated content: New and updated material on contemporary topics better motivates students to discover the economic way of thinking.

NOTE: You are purchasing a standalone product; MyEconLab does not come packaged with this content. If you would like to purchase both the physical text and MyEconLab search for ISBN-10: 0134004655/ISBN-13: 9780134004655. That package includes ISBN-10: 0133872270/ISBN-13: 9780133872279 and ISBN-10: 0133918181/ISBN-13: 9780133918182. For the two-semester principles of economics course. An intuitive and grounded approach to economics Get students to think like an Economist using the latest policy and data while incorporating global issues. Economics, Twelfth Edition builds on the foundation of the previous edition and retains a thorough and careful presentation of the principles of economics. Economics emphasizes real-world applications, the development of critical thinking skills, diagrams renowned for pedagogy and clarity, and path-breaking technology. Each chapter begins with one of today's key issues, and additional issues appear throughout the chapter to show the real-world applications of the theory being discussed. When the chapter concludes, students "read between the lines" to think critically about a news article relating to the issue, demonstrating how thinking like an economist can bring a clearer perspective to and deeper understanding of today's events. Students will begin to think about issues the way real economists do and learn how to explore difficult policy problems to make more informed decisions in their own economic lives. Also available with MyEconLab MyEconLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

What has blank pages but is very useful? An unruled composition book! It is simple, durable, versatile and free of lines. Whether you need a composition book for journaling or drawing, this is the perfect tool for you to express yourself without the limitations and boundaries of lines. It offers a good opportunity for children to write without relying on the lines. It teaches them to become more conscious of placing the print on the page rather than just filling up the lines. It is also ideal for sketching, note taking, drawing, doodling, brainstorming, outlining, doing math and many more.

In the second book of the Leopold Larson series, Leo is trying to stay sober, make a living from his two-person law practice, and avoid the prying eyes of the Oregon State Bar. Leo agrees to represent the aging Ben Holder before he disappears into the fog of dementia. Ben is the father of four failure-to-thrive children, one of whom is awaiting trial for murder, and all of whom claim to know what is best for their father. While trying to provide Ben with a decent life in his declining years, Leo butts heads with a professional guardian who has her own ideas about what is best for his client. The book provides an insider look at the lawyers, judges, fiduciaries, and caregivers who gather when an elder with money is losing capacity. Leo must save Ben, make sense of the family, and maybe solve a murder.
