Adolf Hitler has left a lasting mark on the twentieth-century, as the dictator of Germany and instigator of a genocidal war, culminating in the ruin of much of Europe and the globe. This innovative best-seller explores the nature and mechanics of Hitler's power, and how he used it.

Before there was real estate tycoon cum President-Elect Donald J. Trump, there was Silvio Berlusconi, the billionaire media mogul turned prime minister who dominated Italian life for the past twenty years. In a candid, warts-and-all portrait of the leader who played hard in office and in private life. From the bunga-bunga parties to his most secret moments with world leaders, this biography is rich in anecdotes and revelations involving Barack Obama, Hillary Clinton, George W. Bush, Vladimir Putin, Mikhail Gorbachev, Tony Blair, Nicolas Sarkozy, Angela Merkel , and many others. Berlusconi's incredible rise to power started from nothing. A self-created man, he was a cruise ship crooner as a young man, became a real estate tycoon in the '70s, started the first commercial television network in history, and turned AC Milan into a world-class soccer club. And that was all before he survived the squalid swampland of Italian politics to become prime minister who has not only served the longest in Italian history, but also has generated the most controversy of arguably any world leader today.

Both a breathtaking talent and a die-hard lover of football, Alessandro Del Piero is widely regarded as one of the most influential and watchable playmakers the modern era has seen. Having been in the play-making trequartista role for world-class attacks alongside Zinedine Zidane and Roberto Baggio, Del Piero has done it all.

"Starts creepy and slowly ratchets up the dread until the last page."  
-Newsarama In a future where our solar system has been colonized by wealthy elites, interstellar bounty hunters Dagmar, Rick, and Jules follow a missing girl's trail to a cult on Ganymede, Jupiter's largest moon. When they arrive, the intrepid bounty hunters discover the cultists have provoked a terrifying force. This ghost story in space reunites comics' king of macabre Steve Niles with his longtime

collaborator Christopher Mitten, whose stylish mix of grit and flow matches Steve's sharp characterizations and taste for screams. "Without a doubt the creepiest comic I've read this year. Everything comes together to make a truly haunting experience with an ever present feeling of crushing space dread." -AiPT! "The true beauty of The Disciples rests in its haunting relatability. All humans in space are just a moment away from insignificance, and Niles and Company make sure you can feel it... we're forced to confront all of the terrifying truths we otherwise avoid in the safety of our terrestrial trappings." -Doom Rocket

Explains how to prepare and install the Linux system, work with shells and command lines, use the X Windows graphical interface, access the Web, and configure mail and news services

Most of the lead cases are post-1980 with many 1990s decisions. There are significant new decisions in the "finders'personal property" area. The cases throughout deal with time-honored concepts in a decidedly modern context. Includes the nature and division of ownership, right of reasonable use, and nuisance. Covers rights above and below the surface, and water rights. Looks at the transfer of ownership and conveyance, and land use regulations.

This text was written in response to the need for a community health nursing textbook that reflects the practice of community health nursing in Canada. It is not an adaptation of a US text, but a fully Canadian textbook designed to match the way in which the course is offered in Canada. As a result, the first edition of this text was widely adopted across Canada and has been praised for its writing style, Canadian content, and thorough coverage of the key topic areas in community health nursing. The field of community health nursing is constantly changing. As a result, this second edition has been thoroughly revised with extensive updates, new content, statistics, Canadian research, and a new two-colour design.

Configuring Citrix Metaframe for Windows 2000 Terminal Services describes all the means in using both Microsoft Windows 2000 Terminal Services and Citrix MetaFrame in an environment. The book specifically covers ways on designing the infrastructure, implementing the plan, troubleshooting the deployment, and configuring servers and clients. The text also explains the process of deploying applications over the Internet, monitoring end users, and securing applications and data. The book also directs how to improve applications' performance with thin clients.

Matching quality instruction with convenience, the Art Handbooks series presents the respected lessons by talented art professionals in a small and transportable format. These tutorials teach techniques for a wide spectrum of artistic endeavors, from pencil drawing to oil painting, through step-by-step instructions and ample imagery of what

to expect from each stage and completed process. They also provide invaluable information about the materials as well as additional tips for becoming confident with each medium. Wendy Tait shares her passion for watercolor flowers by instructing artists on how to capture the beauty and delicacy of a wide selection of flowers. This painting guide uses a series of demonstrations to illustrate her techniques—from initial transparent misty background washes to adding final tiny details. It gives clear information on what materials are needed, how to choose colors, composition, painting terms, lost and found edges, and aerial perspective. Skills are built up through seven beautiful step-by-step demonstrations including primroses, pansies, heather, anemones, cyclamen, roses, and a mixed bunch of flowers.
