Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

From the preeminent writer of Taiwanese nativist fiction and the leading translator of Chinese literature come these poignant accounts of everyday life in rural and small-town Taiwan. Huang is frequently cited as one of the most original and gifted storytellers in the Chinese language, and these selections reveal his genius. In "The Two Sign Painters," TV reporters ambush two young workers from the country taking a break atop a twenty-four-story building. "His Son's Big Doll" introduces the tortured soul inside a walking advertisement, and in "Xiaoqi's Cap" a dissatisfied pressure-cooker salesman is fascinated by a young schoolgirl. Huang's characters -- generally the uneducated and disadvantaged who must cope with assaults on their traditionalism, hostility from their urban brethren and, of course, the debilitating effects of poverty -- come to life in all their human uniqueness, free from idealization.

Bestselling author Eric Spitznagel speaks with an all-star lineup of rock-n-rollers--from Perry Farrell to the Indigo Girls--to discover the uproariously wild, sentimental, and unexpected pre-stardom stories behind their favorite records. Rock Stars on the Record is a collection of first-hand tales by artists of all ages, backgrounds, and musical influences, remembering the meaning behind the records that mattered most to them. From Laurie Anderson to Ian Mackaye, Don McLean to Yuka Honda, Alice Bag to Mac DeMarco, and many more, bestselling author Eric Spitznagel talks to rock stars across the musical spectrum about the albums that changed them in ways only music can change someone. Everyone's most cherished childhood record--be it a battered piece of vinyl, torn cassette tape, or scratched CD--has a story, and those stories can be more revealing about their owners than you might expect. Read about how Wilco frontman Jeff Tweedy furtively scratched the "Parental Advisory" sticker off the sleeve of the Clash's London Calling so that his mother would consent to buy it--cementing its influence on the Grammy-winning band. Or about Mojo Nixon's relationship to George Thorogood's Move It On Over, or Dar Williams's connection with Judy Collins's Whales & Nightingales. Each profile is more emotional, fascinating, and hilarious than the last. So place that needle in the groove, and prepare to hear something revelatory from your favorite rockers past and present.
