This comprehensive text helps prepare pre-service and in-service teachers to build and sustain family, school, and community partnerships that are vital to student success. Focusing on grades preK-8, and with a particular emphasis on diverse families and learners, this book helps teachers to overcome barriers, create action plans, and sustain partnerships over time.

Updated and revised throughout, Joyce Epstein's classic book provides a framework for thinking about, talking about, and actually building comprehensive programs for school and family partnerships.

This classroom resource encourages sixth grade students to reinforce their knowledge of mathematical and language arts grade-level skills. Focusing on specific Common Core Standards, this resource is designed to be robust and relevant to the real world, helping students prepare themselves for life beyond their educational careers. Students will gain regular practice through the quick activities found in each book. Perfect for additional practice in the classroom or at home! The book contains a Teacher Resource CD with PDFs of the activity pages. 208pp

On the first day of sixth grade, Kyle Constantini lands in the principal's office after standing up against (that is, punching) Ino Nevarez, who was teasing a deaf girl at school. Her punishment? Join the NAVS program, which teaches constructive problem-solving (that is, not punching). Kyle loves NAVS, where her team competes in a challenge to navigate a maze. But her parents refuse to let her participate... so Kyle may just have to fudge the truth a bit to get around them. Then her best friend starts to crush on a cute new English boy, who seems to be interested in -- Kyle? As the NAVS competition approaches, she has to trust her instincts, take some good advice, and figure out her way through the amazing maze of middle school. Rich characters, a big heart, and a witty, warm voice make Kyle Finds Her Way a debut worth discovering.
