Septimus Heap - Wikipedia
 Physik is the third in the young adult series about that OTHER wizard boy named Septimus Heap, and as I understand it, there will be two more books in the making. Physik is pretty long at over 500 pages, and rivals the more recent Potter books for complexity of plot, skullduggery and dark deeds.

Fantasy adventure at its best! This collection contains the first three books in Angie Sage's internationally bestselling Septimus Heap series: Magyk, Flyte, and Physik. Readers will love the enchanting and humorous adventures of a wizard apprentice and his quest to become an ExtraOrdinary Wizard. New York Times Bestselling Series [A fresh take on the world of magic.[Child magazine [Readers will be indubitably hooked[worrying, laughing, and gasping over the nonstop adventures of this engaging troupe.]]VOYA (Starred Review) The series follows Septimus Heap, who, as a seventh son of a seventh son, has magical powers. After he becomes the apprentice of the ExtraOrdinary Wizard Marcia Overstrand, he starts his studies for seven years and a day to become an Ordinary Wizard (or maybe an ExtraOrdinary?). His adventures take place in a fictional world full of secrets and mysteries, a world where rats are messengers and can speak, a world where spells are common and where the dark forces are trying to penetrate.

When Silas Heap unSeals a forgotten room in the Palace, he releases the ghost of a Queen who lived five hundred years earlier. Queen Etheldreda is as awful in death as she was in life, and she's still up to no good. Her diabolical plan to give herself everlasting life requires Jenna's compliance, Septimus's disappearance, and the talents of her son, Marcellus Pye, a famous Alchemist and Physician. And if Queen Etheldreda's plot involves Jenna and Septimus, then it will surely involve Nicko, Ather Mella, Marcia Overstrand, Beetle, Stanley, Sarah, Silas, Spit Fyre, Aunt Zelda, and all of the other wacky, wonderful characters that made magyk and flyte so memorable. With heart-stopping action and a dash of humor, Angie Sage continues the fantastical journey of Septimus Heap.

In this spellbinding finale to an epic series, Septimus Heap must decide once and for all where his heart lies - with Magyk or with Alchemie and Physik. When, at last, Marcia agrees to allow the recently reinstated Castle Alchemist, Marcellus Pye, to open the Great Chamber of Alchemie and Physik, she fears she is unleashing more than she understands. But Marcia must learn to trust Marcellus, and together they must rid the Castle of the evil Two-Faced Ring. Caught between the two, will Septimus be able to bring both sides together?

There's trouble at the Castle, and it's all because Merrin Merdith has returned with Darke plans for Septimus. More trouble awaits Septimus and Jenna in the form of Tertius Furne, the ghost of the very first Chief Hermetic Scribe, who is determined to send Septimus on a deadly Queste. But Septimus and Jenna have other plans!they are headed for the mysterious House of Foxyx, a place where all Time meets and the place where they fervently hope they will be able to find Nicko and Snorri, who were trapped back in time in physik. But how will Septimus escape the Queste? Queste, like all the books in the Septimus Heap series, is filled with nonstop action, humor, and fantastical adventure as Septimus continues his journey of Magykal self-discovery.
