development and performance improvement professionals. Drawing on their expertise in developing and implementing ROI programs in human performance and training, Jack J. Phillips, Ph.D., Timothy W. Bothell and G. Lynn Snead demonstrate how you can effectively apply ROI to project management. Today, almost every industry requires employees to manage multiple projects with competing priorities, critical deadlines, and unexpected interruptions—rendering everyone a project manager in some respect. Most employees feel the pressure of juggling any number of key projects simultaneously. Organizations have responded by investing large amounts of both time and money to improve project management, and most strive to justify the efforts and resources dedicated to improving this
