This year marks the 15th anniversary of the Sony VAIO computer. Before 1996, Sony made all sorts of tech and chips, but the company's computer production was exclusive to its native Japan. In the late '90s however, Sony began making computers anew, this time on a more international scale; thus, the VAIO was born.

In this engrossing memoir, one of the most controversial, influential, and inspirational figures in African politics today gives the full story of his crusade to save Kenya's natural resources, and specifically the African elephant--a crusade that set him against internal corruption, poverty, and dangerous criminals. Sometimes at the risk of his own life, Leakey's love of Kenya, and his convictions about the direction his country--and all of sub-Saharan Africa--must take to survive, have been unshakeable. *Wildlife Wars* is the odyssey of an extraordinary man in an extraordinary land.

*How to Have Great Ideas* is the essential guide for students and young professionals looking to embrace creative thinking in design, advertising and communications. It provides 53 practical strategies for unlocking innovative ideas. Strategies include improvisation techniques, changing the scenery, finding hidden links, looking to nature for inspiration, combining unusual systems, challenging set boundaries and many more. Each strategy is packed with great examples of successful contemporary and historical designs – from a designer dress made out of an old typewriter to ticket machines powered by recycled bottles in China, via the reimagining of famous brand logos and mis-use of photocopiers. Packed with practical projects to kick-start inventive thought in idea-blocked moments, this book explores creative thinking across all visual arts disciplines.

Edwin Morgan was appointed Poet Laureate of Glasgow in 1999, and many of these poems reflect the life of the city both now and in the past. But equally the poetry moves to other places and other worlds. A sequence of poems about a demon allows the mind to expatiate on a wide range of subjects, social, psychological, philosophical. Some of the poems have been set to music, both jazz and classical. In many ways it is a book of voices and observation, a book of accessible storytelling.
