government made him a target of the communist state. The public recitation of his 1933 poem known in English as "The Stalin Epigram" led to his arrest, exile, and eventual imprisonment in a Siberian transit camp, where he died, presumably in 1938. Mandelstam's work—much of it written under extreme duress—is an extraordinary testament to the enduring power of art in the face of oppression and terror. *Stolen Air* spans Mandelstam's entire poetic career, from his early highly formal poems in which he reacted against Russian Symbolism to the poems of anguish and defiant abundance written in exile, when Mandelstam became a truly great poet. Aside from the famous early poems, which have a sharp new vitality in Wiman's versions, *Stolen Air* includes large selections from *The Moscow Notebooks* and *The Voronezh Notebooks*. Going beyond previous translators who did not try to reproduce Mandelstam's music, Christian Wiman has captured in English—for the first time—something of Mandelstam's enticing, turbulent, and utterly heartbreaking sounds.

Offers the complete body of work of one of the twentieth century's greatest Russian poets for the first time in English.

Russia's foremost modernist master in a major new translation Osip Mandelstam has become an almost mythical figure of modern Russian poetry, his work treasured all over the world for its lyrical beauty and innovative, revolutionary engagement with the dark times of the Stalinist era. While he was exiled in the city of Voronezh, the black earth region of Russia, his work, as Joseph Brodsky wrote, developed into "a poetry of high velocity and exposed nerves, becoming more a song than ever before, not a bardlike but a birdlike song ... something like a goldfinch tremolo." Peter France—who has been brilliantly translating Mandelstam's work for decades—draws heavily from Mandelstam's later poetry written in Voronezh, while also including poems across the whole arc of the poet's tragically short life, from his early, symbolist work to the haunting elegies of old Petersburg to his defiant "Stalin poem." A selection of Mandelstam's prose irradiates the poetry with warmth and insight as he thinks back on his Petersburg childhood and contemplates his Jewish heritage, the sunlit qualities of Hellenism, Dante's Tuscany, and the centrality of poetry in society.

James Greene's acclaimed translations of the poetry of Osip Mandelstam, now in an extensively revised and augmented edition.

Distributed by the University of Nebraska Press for Whale and Star Press Modernist Archaist offers a comprehensive English-language selection of Osip Mandelstam's poetry, edited by Russian scholar Kevin M. F. Platt, who also contributes an illuminating essay. New translations by notable contemporary poets combined with an exceptional selection of previous translations are representative of the most up-to-date interpretation of Mandelstam's work. Osip Mandelstam (1891–1938), one of the most significant poets of twentieth-century Russian literature, also embodied more fully than any other its profound paradoxes. He was a Jew born in Poland who became a leading Russian poet. He was a committed Modernist who was nevertheless faithful to the great examples and strict forms of the past literary tradition. Most strikingly, he was a rebel and radical thinker who was ultimately hounded to death as an "enemy" of the revolutionary Soviet society. Yet while Mandelstam's poetry bore witness to the convulsions of twentieth-century Russian culture and politics, it was by no means limited or defined by these historical contexts. In an early statement of his creative credo Mandelstam wrote: "for an artist, a worldview is a tool or a means, like a hammer in the hands of a mason, and the only reality is the work of art itself." The poems offered in this volume, about half of them appearing in previously unpublished translations, present an overview of Mandelstam's major works. Introductory materials include an essay on his life and poetry.

The last published work of a great poet who wrote a few lines attacking Stalin and was shortly thereafter exiled to Siberia where he died near Vladivostok six years later. An inimitable volume, *Journey to Armenia* is a travel book in name only. Osip Mandelstam visited Armenia in 1930, and during the eight months of his stay, he rediscovered his poetic voice and was inspired to write an experimental meditation on the country and its ancient culture. This edition also includes the companion piece, "Conversation About Dante," which Seamus Heaney called "Osip Mandelstam's astonishing fantasia on poetic creation." An incomparable apologia for poetic freedom and a challenge to the Bolshevik establishment, the essay was dictated by the poet to his wife, Nadezhda Mandelstam, in 1934 and 1935, during the last phase of his itinerant life. It has close ties to *Journey to Armenia*.

Osip Mandelstam, who died anonymously in a Siberian transit-camp in 1938, is now generally considered to be among the four or five greatest Russian poets of the twentieth century. The essays in this volume, presented in an exceptionally scrupulous and true translation, were selected because they represent Mandelstam's major poetic themes and his thought on literature, language and culture, and the work and place of the poet. Mandelstam's views on literature are profound and original, and they are expressed in striking and dramatic, if sometimes difficult, prose. These essays deal with such topics as the poetic process and the relationship of poetry to politics, culture, the traditions of the past, and the demands of the present. Sidney Monas's lively introduction to the work and life of Mandelstam combines the virtues of both the critical essay and detached scholarship. Keeping biographical detail to a minimum, Monas concentrates on the pattern that runs through the essays and lends them that coherence often noted in Mandelstam's poetry.
