Straightforward advice on what to do under threat of a dangerous situation.

What are ADHD? What does it mean to have ADHD? How can kids diagnosed with ADHD help themselves succeed in school, get along better at home, and form healthy, enjoyable relationships with peers? In kid-friendly language and a format that welcomes reluctant and easily distracted readers, this book helps kids know they're not alone and offers practical strategies for taking care of oneself, modifying behavior, enjoying school, having fun, and dealing with doctors, counselors, and medication. Includes real-life scenarios, quizzes, and a special message for parents.

Do you have a hard time paying attention or staying still? Do you sometimes get yelled at for talking in class or moving around? Do you often zone out? Lose assignments? Fall behind in school? Have trouble controlling your behavior? Maybe you have ADD or ADHD. These are labels grown-ups use to understand and help kids with these types of challenges. If you've been labeled ADD or ADHD, this book is for you. Look inside to find: What ADD and ADHD mean - and don't mean. Ways to make each day go better at home, at school, and with friends. How to deal with strong feelings like anger, worry, and sadness. The lowdown on medicine many kids take for ADD or ADHD. The dish on foods that can help you manage your ADD or ADHD. Fun quizzes that will help you remember what you're learning. And much more This book was written especially for you. But you might want to share it with a parent or another caring adult. Talk it over together and try some of the activities. Meanwhile, know you're not alone. Lots of kids have ADD or ADHD. With a little effort, they have learned to succeed. So can you!

Many kids and teens have challenges when it comes to behavior. In this revised edition of his time-tested book, Thomas McIntyre provides up-to-date information, practical strategies, and sound advice to help kids learn to make smarter choices, make and keep friends, get along with teachers, take responsibility for their actions, work toward positive change, and enjoy the results of their better behavior. New to this edition are an "Are you ready to change?" quiz, updated glossary and resources, and a fresh organization and design. This is a book for any young person who needs help with behavior. A special section at the back addresses diagnosed behavior disorders.

This positive, straightforward book offers kids with autism spectrum disorders (ASDs) their own comprehensive resource for both understanding their condition and finding tools to cope with the challenges they face every day. Some children with ASDs are gifted; others struggle academically. Some are more introverted, while others try to be social. Some get "stuck" on things, have limited interests, or experience repeated motor movements like flapping or pacing ("stims"). The Survival Guide for Kids with Autism Spectrum Disorders covers all of these areas, with an emphasis on helping children gain new self-understanding and self-acceptance. Meant to be read with a parent, the book addresses questions ("What is ASD?" "Why me?") and provides strategies for communicating, making and keeping friends, and succeeding in school. Body and brain basics highlight symptom management, exercise, diet, hygiene, relaxation, sleep, and toileting. Emphasis is placed on helping kids handle intense emotions and behaviors and get support from family and their team of helpers when needed. The book includes stories from real kids, fact boxes, helpful checklists, and resources. Sections for parents offer additional information.

Counteracting the panic and fear associated with getting lost in the wild, this handbook equips children with practical tools for overcoming adverse wilderness experiences, even if they are endured alone. Compiled by a search-and-rescue professional, straightforward advice is offered on building shelters and fires, signaling for help, finding water and food, dealing with dangerous animals, learning how to navigate, and avoiding injuries. Practice projects are included to hone survival skills—such as starting a fire with a reflective surface, casting animal tracks, or using a treasure hunt to test navigational aptitude. Making a strong argument for danger prevention, each lesson is coupled with simple instructions and diagrams that will reassure and empower young adventurers.

Discusses how children with "learning differences" can get along better in school, set goals, and plan for the future.

Getting lost is a scary experience. You may not know where you are or when someone will be able to find you again. You may worry about how long you will be out there, where you will be able to safely sleep, how to find fresh food and water, and even how to stay protected from dangerous animals in the wild. If you get lost and are not sure what to do, this guidebook has all the information to help you out. Inside this guidebook, we will take a look at some of the basics that you need to know in order to get yourself to safety and to ensure you are found by others in no time. Some of the topics we will discuss include:* What to do when you get lost* How to signal for help* How to make your own shelter* How to deal with wild animals who may try to bother you* Staying away from bugs and insects and how to treat injuries of those occur* How to find your own food* Finding fresh water to stay safe* Packing a good first aid kit* How to deal with extreme weather conditions* How to navigate with the help of your GPS, a map, or a compass* And so much more. Make sure to take a look through this guidebook to see just how easy it is to get started with surviving in the wilderness in no time!

Some kids get in trouble a lot. Every day is a struggle for them. They can't seem to make good choices, no matter how hard they try. Does this sound like you? If it does, you know that behavior problems are no fun. Neither is being labeled BD, ED, EBD, or SED. But maybe you just don't know how else to act. That's true for many kids with behavior challenges. This book is full of ideas for you to try. They have worked for other kids, and they can work for you. LOOK INSIDE TO FIND: What BD means - and does not mean; Reasons why some kids have BD; The scoop on school programs; True stories about real kids; Smart choices for dealing with feelings; Ways to get along better at school and at home; "Tricks" to help you track your progress; A glossary of words you need to know; A list of resources (books, organizations, and Web sites); And much more GROWN-UPS: There's something for you, too.

What animals will you encounter in the forest? How do you avoid a bear attack? Where do you find water in the desert? How do you build shelter on an island? This handy guide is packed with tips and tricks to survive in the wilderness, from gathering supplies, to reading a map and even escaping quicksand! Bear Grylls eat your heart out! With words from celebrated author Ben Hubbard and illustrations and infographics scattered throughout, this exciting and practical guide is a great introduction for kids on how to handle themselves in the wild. Chapters are divided into different habitats (deserts, mountains, forests, desert islands and tundra), and there is an initial chapter on essential survival tips in the wild. Useful topics touched upon here include basic first aid, how to navigate using the sun and using knots to escape sticky situations. With chapters ranging from how to survive a shark attack, to building a mountain shelter to avoid the cold and navigating using the stars in the desert, this is the quintessential survival guide for young readers wanting to explore the natural world. About Lonely Planet Kids: Lonely Planet Kids - an imprint of the world's leading travel authority Lonely Planet - published its first book in 2011. Over the past 45 years, Lonely Planet has grown a dedicated global community of travellers, many of whom are now sharing a passion for exploration with their children. Lonely Planet Kids educates and encourages young readers at home and in the classroom to learn about the world with engaging books on culture, sociology, geography, nature, history, space and more. We want to inspire the next generation of global citizens and help kids and their parents to approach life in a way that makes every day an adventure. Come explore!
