her marriage at the age of ten into a corrupt pope's influential family, her fierce rule after the assassination of her husband, and the inspiring resistance she led against the Borgia family.

The very name Lucrezia Borgia conjures up everything that was sinister and corrupt about the Renaissance—incest, political assassination, papal sexual abuse, poisonous intrigue, unscrupulous power grabs. Yet, as bestselling biographer Sarah Bradford reveals in this breathtaking new portrait, the truth is far more fascinating than the myth. Neither a vicious monster nor a seductive pawn, Lucrezia Borgia was a shrewd, determined woman who used her beauty and intelligence to secure a key role in the political struggles of her day. Drawing from a trove of contemporary documents and fascinating firsthand accounts, Bradford brings to life the art, the pageantry, and the dangerous politics of the Renaissance world Lucrezia Borgia helped to create.

Analyzes the leadership and strategies of three forefront military leaders from the ancient world, offers insight into the purposes behind their conflicts, and shows what today's leaders can glean from their successes and failures.

Leonardo da Vinci, Niccolò Machiavelli, and Cesare Borgia—three iconic figures whose intersecting lives provide the basis for this astonishing work of narrative history. They could not have been more different, and they would meet only for a short time in 1502, but the events that transpired when they did would significantly alter each man's perceptions—and the

Read PDF The Tigress Of Forli Renaissance Italys Most Courageous And Notorious

Course of Western history. In 1502, Italy was riven by conflict, with the city of Florence as the ultimate prize. Machiavelli, the consummate political manipulator, attempted to placate the savage Borgia by volunteering Leonardo to be Borgia's chief military engineer. That autumn, the three men embarked together on a brief, perilous, and fateful journey through the mountains, remote villages, and hill towns of the Italian Romagna—the details of which were revealed in Machiavelli's frequent dispatches and Leonardo's meticulous notebooks. Superbly written and thoroughly researched, *The Artist, the Philosopher, and the Warrior* is a work of narrative genius—whose subject is the nature of genius itself.

Lucrezia Borgia is among the most fascinating and controversial personalities of the Renaissance. The daughter of Pope Alexander VI, she was intensely involved in the political life of Italy during the late fifteenth and early sixteenth centuries. While her marriage alliances helped advance the political objectives of the papacy, she also held the office of Governor of Spoleto, a role normally reserved for Cardinals, making her one of the most powerful and dynamic female figures of the Renaissance. Among the first books to employ historical method to move beyond myth and romance that had obscured the fascinating story of Lucrezia Borgia was the biography written by the noted German historian Ferdinand Gregorovius. Ferdinand Gregorovius (1821-1891) was one of the preeminent scholars of the Italian Renaissance. His biography of Lucrezia Borgia reveals the atmosphere of the Renaissance, painting a portrait of Lucrezia and her relationships with her

Read PDF The Tigress Of Forli Renaissance Italys Most Courageous And Notorious

father Rodrigo Borgia, Pope Alexander VI, her brother Cesare, her mother Vanozza, her father's mistress, Giulia Farnese, her husband Duke Alfonso D'Este of Ferrara, and many others, including important artists and writers of the time. All are vividly portrayed against the colorful background of Renaissance Italy. Gregorovius separates myth from documented fact and his book remains a key reference work on the life and times of the Borgia princess. This new edition of Gregorovius's classic work *Lucrezia Borgia* is enhanced with an introduction by Samantha Morris, a noted expert on the history of the Borgias. Samantha studied archaeology at the University of Winchester where her interest in the history of the Italian Renaissance began. She is the author of *Cesare Borgia: In a Nutshell* and *Girolamo Savonarola: The Renaissance Preacher*. She also runs the website theborgiabull.com.

In the first major book in four decades on Caterina Sforza (1463-1509), Joyce de Vries investigates the famous noblewoman's cultural endeavors, and explores the ways in which gender, culture, and consumption practices were central to the invention of the self in early modern Italy. Sforza commissioned elaborate artistic and architectural works, participated in splendid civic and religious rituals, and collected a dazzling array of clothing, jewelry, and household goods. By engaging in these realms of cultural production, de Vries suggests, Sforza manipulated masculine and feminine norms of behavior and effectively promoted her social and political agendas. Drawing on visual evidence, inventories, letters, and contemporary texts, de Vries offers a penetrating new

Interpretation of women's contributions to early modern culture. She explains the correlations between prescriptive literature and women's actions and reveals the mutability of gender roles in the princely courts. De Vries's analysis of Sforza's posthumous legend suggests that what we see as "the Renaissance" was as much a historical invention as a coherent moment in historical time.

Elizabeth Lev

In *Murder of a Medici Princess*, Caroline Murphy illuminates the brilliant life and tragic death of Isabella de Medici, one of the brightest stars in the dazzling world of Renaissance Italy, the daughter of Duke Cosimo I, ruler of Florence and Tuscany. Murphy is a superb storyteller, and her fast-paced narrative captures the intrigue, the scandal, the romantic affairs, and the violence that were commonplace in the Florentine court. She brings to life an extraordinary woman, fluent in five languages, a free-spirited patron of the arts, a daredevil, a practical joker, and a passionate lover. Isabella, in fact, conducted numerous affairs, including a ten-year relationship with the cousin of her violent and possessive husband. Her permissive lifestyle, however, came to an end upon the death of her father, who was succeeded by her disapproving older brother Francesco. Considering Isabella's ways to be licentious and a disgrace upon the family, he permitted her increasingly enraged husband to murder her in a remote Medici villa. To tell this dramatic story, Murphy draws on a vast trove of newly discovered and unpublished documents, ranging from Isabella's own letters, to the loose-tongued dispatches of ambassadors to Florence, to

Read PDF The Tigress Of Forli Renaissance Italys Most Courageous And Notorious

Contemporary descriptions of the opulent parties and balls, salons and hunts in which Isabella and her associates participated. Murphy resurrects the exciting atmosphere of Renaissance Florence, weaving Isabella's beloved city into her story, evoking the intellectual and artistic community that thrived during her time. Palaces and gardens in the city become places of creativity and intrigue, sites of seduction, and grounds for betrayal. Here then is a narrative of compelling and epic proportions, magnificent and alluring, decadent and ultimately tragic.

Covering the history of homosexuality in art, this comprehensive chronicle of gay and lesbian visual expression covers the field, from the sexual practices of prehistoric people, to satirical Medieval art, to the emergence of modern-day gay institutions. 12,500 first printing. Tour.

Recounts the life of Lorenzo de' Medici, the Florentine banker, statesman, and arts patron, and includes his competitive and at times violent career in politics.
