WAEC in Review is a practical intervention strategy in transforming the weakening educational system of Liberia where academic excellence is unassaingly diminishing. LIPACE Pilot Study Guide is not only a landmark achievement in the educational history of Liberia but a remarkable strive towards the proper preparation of Liberian students for future diets of the WAEC exam. As a member of the National Committee of the West African Examinations Council and a Stakeholder in the Liberian Education System, I wish to recommend the use of this study guide to adequately prepare each and every Liberian student for future examinations thereby setting the stage for an easy transition to the emerging West African Senior Secondary Examinations (WASSCE). I am explicitly confident that you will definitely find your journey through this guide very rewarding as you prepare to sit the next WAEC Exam.—David S. Massaquoi, Sr., director of Education, The Salvation Army— Liberia Command Education Secretariat Our students sit the exam in constant fear of proctors and supervisors. They know nothing about the exam and its structure and this fear lead to them failing massively. We need to build the confidence level of our students and help them to study hard and understand the roles of proctors and supervisors to stop the intimidation during the exam. Thanks to LIPACE and the " Turning the Tide " project, we have helped our students achieved an amazing achievement for the first time in the history of Gbarpolu County where all senior students successfully passed the exam.—Lartey Bemah, principal of Bopolu Public School (2012-2013), Gbarpolu County, Liberia

This book, Questions & Answers for Senior Secondary School Certificate Examination PasTrack Series, contains over 500 business management questions administered by the WAEC. It is structured to follow past standard questions used to test the Senior Secondary School students. Some of the questions are actual past examination questions whilst others are standard mock questions that can be examined at this basic level of business management education. The questions cover all key topics of business management outlined in the WASSCE syllabus. The book is written with students in mind to reinforce the key concepts of business management. A word of caution! Students are not expected to study only the Questions &Answers and expect to get excellent results. It is hoped that students will use this Q&A book alongside with Volumes I, II and III of the Business Management for SSSCE PasTrack Series for excellent results.

"In this book, Sonja Krause Goodwin describes her Peace Corps training for teaching in Nigeria in 1964, her service there as a university teacher in physics, and her vacation travels. She notes her interactions with students, fellow university employees, other Peace Corps volunteers, and Nigerians"--

The role humans play in the field of information technology continues to hold relevance even with the industry 's rapid growth. People contributes heavily to the physical, cognitive, and organizational domain of computing, yet there is a lack of exploration into this phenomenon. Humanoid aspects of technology require extensive research in order to avoid marginalization and insufficient data. The Handbook of Research on the Role of Human Factors in IT Project Management is a collection of innovative research on the methods and applications of the task of human characteristics in the design and development of new technology. While highlighting topics including digitalization, risk management, and task analysis, this book is ideally designed for IT professionals, managers, support executives, project managers, managing directors, academicians, researchers, and students seeking current research on the dynamics of human influence in technological projects.
