English Civil War Artillery 1642

At the beginning of the English Civil War it was clear that artillery was to play a significant part in the conflict, as so many battles were fought by siege. Both Royalists and Parliamentarians raced to capture ordnance stores in urban areas such as London and Hull, realising that they would prove strategically decisive in the siege warfare that later developed.

English Civil War Artillery 1642-51 - Osprey Publishing

The Battle of Edgehill (or Edge Hill) was a pitched battle of the First English Civil War. It was fought near Edge Hill and Kineton in southern Warwickshire on Sunday, 23 October 1642. All attempts at constitutional compromise between King Charles and Parliament broke down early in 1642. Both the King and Parliament raised large armies to gain their way by force of arms.

Battle of Edgehill - Wikipedia

The First English Civil War started in 1642. By the end of the year neither side had succeeded in gaining an advantage, although the King's advance on London was the closest Royalist forces came to threatening the city. When the King raised his standard at Nottingham on 22 August 1642, war was... The First English Civil War started in 1642.

Oliver Cromwell and the English Civil War. When the Civil war began in 1642, Cromwell was sent to organize the defense of Norfolk. He was noted for his organizational skills and bravery and when the East Anglian counties formed the Eastern Association, Cromwell was put in charge of the cavalry.

English Civil War: (1642-1651) - History

The regiment has the rare distinction of having fought on the side of both Parliament and the Royalists during the English Civil War 1642 to 1649.. From its formation, the company trained at a site it had occupied at the Old Artillery Ground in Spitalfields and at The Merchant Taylors' Company Hall. In 1622, the company built its first Armoury House at the site of the Old Artillery Gardens.

Honourable Artillery Company - Wikipedia

The English Civil War (1642–1651) was a series of civil wars and political machinations between Parliamentarians ("Roundheads") and Royalists ("Cavaliers") principally over the manner of England's governance and part of the wider Wars of the Three Kingdoms. The first (1642–1646) and second (1648–1649) wars pitted the supporters of King Charles I against the supporters of the Long ...

English Civil War - Wikipedia

Soldiers of the Civil Wars There were no standing armies in Britain on the outbreak of the English Civil War in 1642. The only regular military units were the county militias known as trained bands. However, neither side could rely on the trained bands, at least until the territorial limits of the opposing factions were established.

Military Units of the Civil Wars, Commonwealth & Protectorate

English Civil War Weapons: The Pike. The Pike was one of the most commonly used weapons on the Civil War battlefield. The pike was a long wooden shaft with a steel point on the end. They were cheap to make, soldiers required very little training to use them and they could be very effective especially when used in a group. Pikes were supposed to ...

English Civil War Weapons - History

The English Civil War happened in the middle 17th century. The term civil war is a war where the sides involved in the fighting are from the same country.. At the centre, there was a struggle between King Charles I and the Parliament of England over how England should be ruled. The King wanted to rule without Parliament telling him what to do. At first Parliament wanted to reduce the King's ...
