because little research has been done to determine how accurate children's memory is for their conversations with adults. While no one ever wants to see a child hurt, it's also important to ensure the rights of defendants in child abuse cases aren't ignored because the accuracy of a child's testimony is left unexamined.

How Accurate is a Child's Memory? | The Marshall Defense Firm

A commonly held belief that traumatic childhood memories are accurate misleads judges and jurors in criminal cases, according to a scientific review released on Wednesday.
