International Law and Governance of Natural Resources in ...

International law is a collection of agreements that represent the will and consent of nation-states with respect to the rules that govern their relationships. Treaties are the increasingly predominant form of international law. International law also can be found in international custom. As a system of governance, international law lacks the capacity to grow.

Role of International Law in Global Governance - Oxford ...

International Law and Global Governance (LLM) International Law is extending forcefully into our everyday politics, economics, and societies - having an impact on international organizations, regimes, tribunals, courts, corporations, NGOs and, even, terrorist threats. The curriculum of this LLM provides expertise across the three core areas of international law: 1) International Law and International Relations; 2) Human Rights and Human Security; and 3) Global Sustainability and ...
