I was Jim Henderson's TA for two years for the year-long micro theory course he taught first-year doctoral students at the University of Minnesota. I then used it as a text for the same course for doctoral students at VA Tech. As Jim used to say about the book, "It monopolizes a Relatively Small Market." that for Ph.D. students studying price ...

David Henderson - Walnut Creek, California | Professional ...

with $W(0) = 0, \Psi I > 0, \Psi II < 0$, where I represents the investment costs of parents (in utility terms) in their offspring's work ethic γ . Individuals live for two periods, one as a child and one as a parent, and work and consume only in the latter. Parents are assumed to be fully altruistic with respect to the welfare their offspring receive as adults, which they discount at a time ...
